

FIRST COMMUNION

The Sadlier Book Company has generously provided churches with free access to their online versions of their workbooks to continue faith formation during this time. This gives our students the ability to view the chapters online and complete their work at home while the church and all activities have been canceled.

Each of our in-person Faith Formation classes covers 2 chapters. This virtual learning opportunity will be a substitute for their last class. Please click on the link for the E-book:
